

PROJECT STATUS REPORT	
Project Name	WorkFlow
For Week Ending	Week5 Date: October 5, 2023
Project Status	Green 
Status Description	Updated business case Updated design constraints
Activities—During the Past Week	
We brought the design constraints(economic factors/societal impact/regulatory compliance/ethics) and applied to our application(see the project requirement document)	
Activities—Planned for Next Week	
Provide a brief overview of how the pages in the application are laid out and how they interact with each other.	
Bring any ideas of the layout for building a low-fidelity prototype.
