

PROJECT STATUS REPORT	
Project Name	WorkFlow
For Week Ending	Week9 Date: Nov 2, 2023
Project Status	Green 
Status Description	Keep working on the high-fidelity prototype
Activities—During the Past Week	
we focused on creating a high-fidelity prototype of our software.	
Scrum meeting with the stakeholder.	
Activities—Planned for Next Week	
In the upcoming week, our key focus is on delivering the finalized high-fidelity prototype to the stakeholders. Following the delivery, we plan to conduct a Scrum meeting with the stakeholders to discuss insights, address any queries, and solidify the direction moving forward.	
We are about to transition into the implementation phase, beginning the development of the front-end code.	
Project Issues	
We are facing an issue with exploring JavaScript and JSON for our project.	
Project Changes
